ABOUT US

“A brand born from the intuition and passion of Paolo Caschera, who transformed his vision into an international benchmark for those seeking luxury, care and authenticity.”

The first Caschera SPA opened in 2006, introducing a new concept of wellness in Italy: blending the tradition of Mediterranean well-being with international rituals, reinterpreted through a contemporary and luxurious lens.

We have always stood out for our ability to unite heritage and modernity, preserving the spirit of traditional wellness while enriching it with a constant pursuit of new experiences.

Every treatment, every ritual and every detail reflects the essence of the brand: turning the time dedicated to oneself into an unforgettable experience.
